TITLE: PREDICTION OF HOUSE RENT

REG NO: 39110025

NAME: A.SRI MAHALAKSHMI

ABSTRACT:

- Predicting house prices can help to determine the selling price of a house of a particular region and can help people to find the right time to buy a home.
- The aim is to predict the efficient house rents for customers with respective availabilities.
- In addition, house price predictions are also beneficial for property investors to know the trend of housing prices in a certain location.
